  - a) Friends of Crag Bank Park: Councillors Turner and Watson reported on a great effort from local residents of all ages and Lancaster City Council staff who planted 14 fruit trees and a hedgerow with 120 saplings to create a community orchard at Crag Bank. It had been a really good way to kick off National Tree Week and had included an interesting talk by an arboriculturalist who advises the City Council.
    - Councillors commented that this had been another impressive collaboration with Lancaster City Council and staff were thanked for giving up their Saturday to be involved. Councillor Watson commented on the 'immense' advice and support that Lancaster City Council have provided throughout the project to date.   - **b)** Carnforth Business Network: Councillor Parker reported that there had been a review of the Carnforth Switch-On on Wednesday 1<sup>st</sup> December. The cost this year included the purchase of new lights and, unlike previous years, there had not been any external funding towards costs. Councillor Turner had worked with representatives from the Network to install over 70 Christmas trees around the town.

The Clerk & Proper Officer reported that the Chair of the Carnforth Business Network had commented that the last edition of the *Carnforth Express* had not included an article on the Christmas Switch-on but she was advised that that they failed to respond to a request to do so by the deadline given. The Town Council had installed banners on the advertising boards at the entrances to the town, however.

There followed a further discussion about the Council's willingness to support and collaborate with Carnforth Business Network on future events and to support them in matters affecting them and the local community,

It was noted that the Carnforth Business Network and community groups will be integral to the success of next year's plans for the Queen's Platinum Jubilee.

ACTION: Carnforth Business Network to be encouraged to submit articles for the Carnforth Express and to collaborate closely with the Town Council on mutually beneficial community events.

Councillors considered the planning applications in turn. It was reported that given the detail of the documentation supporting planning application 21/0113/FUL it is difficult to know where an amendment has been made without this being highlighted. Notwithstanding this the Town Council still very much supports this application.

There was much discussion about planning application 21/00899/HYB and the reasons why the Council objects to it. In relation to planning applications 21/01471/FUL the known flooding and drainage risks at this site were highlighted and discussed.

It was then RESOLVED to approve the recommendations of the Town Development & Planning Committee as set out and that Councillors Grisenthwaite and Smith work with the Clerk & Proper Officer to submit an objection on behalf of the Council in relation to planning application 21/00899/HYB with details being subsequently sent to all Councillors.

21155 Planning Authority Decisions: Councillors considered the up-to-date position on decisions of the planning authority (Lancaster City Council) on planning applications previously considered.

It was noted that planning application 21/00705/OUT, that the Town Council had previously objected to, had been refused by Lancaster City Council's Planning Committee

ACTION: Clerk & Proper Officer to circulate the Case Officers report for planning application 21/00705/OUT

After some comments and questions, it was then **RESOLVED that that the report, actions** and recommendations of the Town Development and Planning Committee be noted and approved.

- Property & Environment Committee: Councillor considered the report, actions and resolutions arising from the Property & Environment Committee held on 7<sup>th</sup> December 2021. The Clerk reported on the advice received from Lancaster City Council's Procurement Officer on the Town Council's suggestion for establishing a preferred suppliers list. It was then RESOLVED that that the report, actions and recommendations of the Property & Environment Committee be noted and approved.
- **21159** Finance & Governance Committee: Councillor Grisenthwaite reported on the recommendations and actions arising from the meeting of the Committee held 8<sup>th</sup> December 2021, including:
  - 1) 1<sup>st</sup> Carnforth Scouts budget exercise and event;
  - 2) Protocol for Appointment of Student Advisors (See Agenda item 21161)
  - 3) Staffing matters (exempt item under Section 12A of the Local Government Act 1972);
  - 4) Alternative offer for Zoon Conference Software;
  - 5) Bank reconciliation and Summary of Receipts & Payments as at 30<sup>th</sup> November 2021;
  - 6) Payments List recommended for approval by the Town Council;
  - 7) Updated Budget Planning for the financial year 2022/2023;
  - 8) Application for Community Benefit Fund

There were comments made about staffing matters relating to a redesignation of the Civic Hall Manager's role and the offer now being made by Zoom Ltd and it was **RESOLVED that** these be referred back to Finance & Governance Committee for further consideration and report and that all other recommendations and actions, including the Payments List, be approved.

21160 Street Naming: The Clerk and Proper Officer reported that the Council had been approached by Lancaster City Council on behalf of the developers with a request to name three streets as part for the Scotland Road development. It was reported that, at the Clerk & Proper Officers request, Councillor Grisenthwaite had contacted local historian, Mr Steve Richmond, to gain his views on naming these streets in honour of 'fallen hero's' from both World Wars and that a meeting to determine these had been arranged.

Councillors very much welcomed the request and suggestion and it was **RESOLVED that** following discussions with the local historian, Councillor Grisenthwaite submits information on the Town Council's behalf to Lancaster City Council for their consideration with the developer.

21161 Student Advisor Protocol: The Clerk & Proper Officer then presented a draft 'Protocol for the Appointment of Student Advisors' that had received the backing of the Finance & Governance Committee. The protocol aims to establish a method where the views of young people can be brought into debates on a continuous basis prior to decisions being made by the Council and/or it's committees.

Student Advisors would represent their generation providing input in the same way as Council officers and would be present when decisions are made, without having voting rights of their own.

Following comments and questions it was RESOLVED that the Student Advisor Protocol be accepted in principle and that it be discussed with Carnforth High School with a view to being adopted.

**21162 Correspondence:** The Clerk presented the schedule of correspondence received and previously circulated to Councillors. It was reported that appropriate action had or will be taken by the Clerk / Councillors / Committees to address matters arising from the correspondence received.

It was then RESOLVED that the correspondence received be noted and that assigned actions be considered at each Committee meeting and reported as necessary to full Council.

**21163 Items for next Agenda:** The main item on the agenda for the January meeting will be the approval of the Budget and Precept for the financial year 2022/2023. The Community led housing presentation may also be considered.

21164 Date and time of next meeting: The next meeting of the 'ordinary' Town Council will be on Wednesday 19<sup>th</sup> January 2022. The meeting closed at 8:15pm

	After discussion on the matters raised it was <b>RESOLVED that the Town Council be</b>
	RECOMMENDED that the post of Civic Hall Manager be re-designated as Facilities

	in line with Pay legislation and that the Clerk & Proper Officer arranges for the post to
	be evaluated by an external Human Resources consultant with the outcome being
	reported back to the Committee.
	It was further RESOLVED that the Clerk & Proper Officer be authorised to sign and submit
	on the Council's behalf an order form for conferencing software provided by Zoom and
	this be reviewed after one year.
22007	Budget Monitoring & Bank Reconciliation: The Proper Officer presented the Bank
	Reconciliation Report setting out the bank and petty cash balances as at 31st December 2021.
	It was reported that despite spend-to-date in excess of £125k there remains a reasonably
	healthy balance in the Council's accounts of £91,790.

The Committee noted the financial position and the fact that the Council is on track to deliver its plans for the year and continues to meet the challenges presented by the coronavirus pandemic and an unplanned decision to take on the operation and management of Crag Bank Village Hall.

The Proper Officer then presented the *Summary Report of Receipts and Payments* as at the same date, highlighting budget headings of particular interest in terms of forecasted under/over spend including income from the hire of Carnforth Civic Hall and Crag Bank Village Hall and energy prices.

It was reported that expenditure on the Queen's Platinum Jubilee project will be incurred in the last quarter of the year in order to secure assets and meet plans for the event.

After some comments and questions, it was then **RESOLVED that the bank reconciliation** and summary financial position as at 31<sup>st</sup> December 2021 and the good financial performance to date be noted and that the Proper Officer be authorised to transfer £5k from the Elections Reserve to the budget heading for the *Queen's Platinum Jubilee*.

Payments List: The Proper Officer presented the Payments List for orders and services received in the last month. This includes payment to the Carnforth Neighbourhood Plan consultants (offset by external funding); an approved payment from the *Community Benefit Fund* and the Proper Officer's annual professional subscription to the Society of Local Council Clerks. After some questions, it was **RESOLVED that the Town Council be RECOMMENDED** to approve the payments list as presented.

**Budget Planning & Precept 2022/2023:** The Proper Officer presented a revised proposed budget and precept for the financial year 2022/2023 based on the financial position as at 31<sup>st</sup> December 2021 and plans in the three months to 31<sup>st</sup> March 2022 as determined by the Council.

The Proper Officer advised that the format presented had been tailored over the last few years and the Committee agreed that this now represents a clear and understandable representation of the actual and forecasted outturn for the current financial year (2021/2022) and the budget estimates for the coming year (2022/2023).

The Proper Officer reported that Lancaster City Council has recently notified that the Tax Base for 2022/2023 (the figure which determines how much of the precept each Council Taxpayer is charged) is 1,650.22, an increase of 1.46 on the 2021/2022 level of 1,648.76. The Committee were informed that **Town Council must notify the City Council of its precept by 1st February 2022.** 

The Committee were asked to note that estimated payments in 2021/2022 (£139,669) are significantly in excess of the Precept for the year of £85,599, mainly due to the Council's unplanned decision to take on the operation and management of Crag Bank Village Hall.

It was reported that expenditure over and above the 2021/2022 precept (£54,030) includes a large amount of investment in Crag Bank Village Hall that has improved this facility without compromising delivery of the Council's plans for the year - the additional expenditure being met from existing Council balances; income from the hire of Crag Bank Village Hall and sound financial and risk management and planning.

The Committee were satisfied that robust risk assessments undertaken at the time and financial management throughout another largely unpredictable year had successfully ensured that the Council has / will achieve its original plans as well as secure the long-term viability of a highly valued community asset.

The Proper Officer reported that notwithstanding the Council's achievements it is on-track to carry forward balances into 2022/2023 of around £50k.

As requested, the Proper Officer had produced a 'continuation of services' budget for 2022/2023 allowing for increased pay and prices. On this basis the Precept for 2022/2023 (estimated difference between Planned Receipts and Payments) is calculated as £92,213, representing an increase on the previous year of £6,614.

Whilst this amount can be fully justified due to the acquisition of Crag Bank Village Hall and plans for 2022/2023, as reported in December, the Finance & Governance Committee are minded to recommend a Precept of £90,000 with the difference being met from within Council balances.

The Proper Officer reported that following receipt of the annual Tax Base for 2022/2023 he had been able to calculate that a Precept of this amounts equates to an annual Council Tax bill on a Band D property of £54.54 an increase on the previous year of £2.62 (or £0.22 per month).

The Proper Officer advised that whilst the Council could determine to meet the difference between the calculated and demanded Precept from Reserves, this is only sustainable in the short-term.

Given the improvements that the Council has made in recent years in its annual planning and related budget management arrangements, the Proper Officer recommended that consideration be given to drafting budgets covering three financial years designed to support the Council's 'direction of travel'.

Turning to the Council's Reserves, the Proper Officer recommended that in addition to General Reserves the Council retains reserves for:

- any unforeseen calls on the Council's budget for a By-election (£5,000);
- final submission and adoption of the Carnforth Neighborhood Plan (£1,000) and;
- Emergency Planning in case of a major community incidents (£625)

In relation to General Reserves, it was reported that the proposed balance (£14,855) whilst adequate for 2022/2023 should be increased in the coming years to cover a minimum of three months of operating costs (£32,500) in line with recommended best practice.

The planned budget presented by the Proper Officer also set out the short and longer term projects that had been identified by Council, including a proposal to secure professional services for advice on available funding and the submission of bids to support the Council's plans.

It was acknowledged that, going forward, plans and projects need to be clear and specific backed by the Council's full commitment to their risk management and delivery.

The Committee thanked the Proper Officer for his work on producing a draft budget and precept and his comprehensive report. There followed a detailed discussion and it was acknowledged that the budget, as presented, was based on an across the board increase of around 5% and does not take account of the potentially significant increases in energy costs from April.

It was then RESOLVED that the Finance & Governance Committee makes the following recommendations to Carnforth Town Council:

- 1) That the draft outturn for 2021/2022 and budget for 2022/2023 as presented be approved;
- 2) That a Precept of £90,000 be requested from Lancaster City Council for the financial year 2022/2023;
- 3) That a target level for General Reserves of £32,500 be approved and achieved within three years;
- 4) That, in the coming year, the Council develops plans and budgets for the three year period 2023 / 2024 2025 / 2026 together with any Earmarked Reserves over that period;
- 5) That, subject to agreement, the Council commits to its longer-term projects and plans and develops risk management and delivery strategies and budgets accordingly.
- **22010 Items for next Agenda:** At this stage, there were no suggestions for specific matters for the next Committee Agenda other than standing items and updates on any actions.
- **Date of next meeting:** The next meeting of Finance & Governance Committee will be held on **Wednesday 9<sup>th</sup> February 2022 at 5:15pm.** The meeting closed at 7:25pm

It was then RESOLVED that the updates be noted and any actions implemented with progress and any issues being reported back to the Committee in due course.

Property updates, issues and maintenance programme: The lobby at the Village
Hall has yet to be painted. ACTION: Subject to medical clearance the work will be
carried out by the Civic Hall Manager with support from Councillor Turner,
otherwise the Proper Officer will arrange for a contractor.

A maintenance programme for the Village Hall has not yet been established. **ACTION:**The Proper Officer will draft a template for that will be populated with maintenance schedules in consultation with Councillor Watson.

2) Operational Matters: The newly appointed cleaner had settled into the job well. She has flagged up the known issue around storage space at the Village Hall that is being monitored and addressed. It was noted that because of the amount of equipment (owned by several users) in the ground floor storage room it has not been possible to thoroughly clean this area to her satisfaction. ACTION: Proper Officer to monitor the storage situation and arrange for storage to be reorganised where appropriate.

It was then **RESOLVED that the updates be noted and any actions implemented with** progress and any issues reported back to the Committee in due course.

**22007** Civic Hall: The following matters were considered:

Property updates and issues and maintenance programme: The maintenance
programme indicates that the Portable Appliance Testing of all appliances is due to be
completed by the end of January. The Civic Hall Manager reported that he has already
commenced this work.

According to the maintenance programmed all fire extinguishers are also due for inspection. The Civic Hall Manager and Proper Officer commented that these had been externally inspected in the Summer and that a certificate of inspection is on file. It was noted that the cost of the inspection had been questioned with the contractors at the time as it had been significantly higher than in previous years.

ACTION: All portable appliances, including those now at Crag Bank Village Hall, to be PAT tested, recorded and labelled by 31<sup>st</sup> January 2022.

Proper Officer to share the certificate of inspection with Councillor Watson to determine whether a further inspection is necessary. The extinguishers at Crag Bank Village Hall to be added to the next scheduled inspection.

There was another discussion on the state of the floor at the Civic Hall and the long term expectations for the building as part of the now wider property portfolio.

The Proper Officer advised that projects have been earmarked as part of the current budget process including replacing the heating system and flooring at the Civic Hall.

The Committee acknowledged that these proposed projects will need to be prioritised and scheduled in due course subject to confirmation of the budget and precept for 2022/23 to be determined by the Town Council at its meeting on 19<sup>th</sup> January.

The Committee also noted gave their support to the Proper Officer's recommendation to the Finance & Governance Committee that a three year budget plan be developed.

It was then **RESOLVED that the updates be noted and actions implemented with** progress and any issues reported back to the Committee in due course. In

22005	Community Led Housing: Beki Winter, Community Housing Officer provided a thought	

**Community Led Housing:** Beki Winter, Community Housing Officer provided a thought provoking presentation on Community led housing which is a growing movement of local people taking action to manage housing projects that 'solve local housing problems, create affordable homes and encourage string communities'.

Councillors were informed that anyone can start, volunteer and deliver a community led housing project. A typical model known as Community Land Trusts (CLT's) involves a partnership with the developer that provides open and meaningful community participation and consent throughout the process and where a community group or organisation owns, manages or stewards the homes for the benefit of the community. As well as affordable homes, CLT's include community gardens, civic buildings, pubs, shops, shared workspaces, energy schemes and conservation landscapes.

Lancaster City Council holds some funds to provide advice and support on such projects and the Committee were informed of successful projects by the Lune Valley Community Land Trust in Halton and a Levens Community Project led by Levens Parish Council.

Committee Members asked several questions and made observations during the presentation and it was then RESOLVED that the Community Housing Officer be thanked and asked to provide model rules for a Community Led Trust for consideration by the Carnforth Neighbourhood Plan Working Group with a view to determining alignment with aspirations for Carnforth and actions needed if such a scheme is to be pursued.

- **Town Development:** The committee considered the following events, updates and opportunities to enhance the town:
  - 1) Queen's Platinum Jubilee update June 2022: The Committee noted that a spreadsheet to support actions on activities over the four days of the Jubilee is now in place and ready to be populated and used to manage the project. It was reported that the Carnforth Chamber of Trade had given the event its full backing and have agreed to be directly involved in all aspects of the event. There were no further updates on activities already allocated at this stage and it was acknowledged that to be a success there now needs to be clarity on the objectives and tasks and full commitment by all.

    ACTION: Councillors Smith, Stretch and Watkins to meet (date to be agreed) to discuss the Council's approach; Town Mayor to invite Carnforth Chamber of Trade representatives to a meeting to be held on Monday 24<sup>th</sup> January 2022 and formal permission to locate a beacon be sought from the landowner.
  - 2) Carnforth Station Car Park: The Proper Officer reported on recent correspondence relating to parking charges and signage at the Carnforth Station Car Park. The Committee agreed that progress had been made and that the Town Council has done all that it can in relation to these matters.
  - and circulated an *Issues Log* designed to capture, assign and monitor highways and air quality matters typically being addressed with both Lancashire County and Lancaster City Councils. The Proper Officer has incorporated guidance on completing the form and a list of matters that have already been raised and are ongoing.

The *Issues Log,* held in the shared drive can be viewed by all Councillors - Councillor Stretch is taking the lead on coordinating these matters and should be contacted whenever such issues arise.

There was a discussion on air quality matters that had been raised with Lancaster and Lancashire County Council's many months ago and how addressing these would support the relevant aspirations on the emerging Carnforth Neighbourhood Plan.

ACTION: Proper Officer to arrange a meeting with relevant City and County Council officers to discuss matters relating to air quality and related aspirations in the Carnforth Neighborhood Plan.

**4)** Scotland Road Development – Street naming: Positive responses have been received following the recent call for information from surviving relations of the men whose names appear on the Carnforth War Memorial.

**ACTION: Councillor Grisenthwaite and Proper Officer to coordinate the naming** of streets on Scotland Road and related celebrations with surviving relatives and **the public.** (Councillor Watkins took the Chair at this point)

- 5) Carnforth named as one of most in demand locations: The Committee noted that the Westmoreland Gazette had run a story that Carnforth had been named as one of UK's most in demand rural locations for buyers according to Rightmove.
- 6) Village Halls week 24 30 January 2022: The Committee considered whether to be involved in this event which is coordinated across Lancashire as a celebration of Village Halls and it was felt that the Town Council would be in a better position to be directly involved in this initiative in 2023.
- 7) Any other matters: Councillor Watkins had just circulated his suggestions for locations where trees may be planted and land purchased that could be developed into gardens/park land and Councillor Stretch enquired about the awaited data on waste bin locations and collections.

ACTION: Councillors to consider Councillor Watkins proposals in more detail and discuss at the next meeting of the Town Development & Planning Committee.

ACTION: Councillor Stretch to chase Lancaster City Council for the data relating to waste bin locations and collections.

It was then RESOLVED that the updates and remedial actions be noted and any progress reported at the next Committee meeting.

22010 Carnforth Neighbourhood Plan (CNP): The Proper Officer reported that the outstanding work on the Carnforth local heritage list had now been completed and the relevant document updated. This means that all documents are now ready to be submitted to Lancaster City Council as the principal planning authority for review and, subject to any further comments, a Government Planning Inspector will be appointed.

The Committee congratulated the Carnforth Neighbourhood Plan Working Group, Councillors, members of the public, planning consultants and the Proper Officer for getting the Carnforth Neighbourhood Plan to this final stage of the process and **RESOLVED that** Carnforth Town Council endorses the Carnforth Neighbourhood Plan and its formal submission for review and inspection.
